

# The fastest setting glue we ever made.... That's why we call it Rokat

There are a lot of glues on the market. Some take ages to go off. You have to kick it. Take it from us this works so well, *it goes off like a rocket*. You won't ever change to another.

But don't take our word for it. It's the official glue of the British F3A Team.

World Champion Ian Richardson. "I have tried them all and Rokat, with its unique Fluoro-carbon coated, anti-clog bottle, is as good and fresh as it can get."
